Wall Sculptures

Routed Powder Coated Aluminum Sculpture

Hanging Light Boxes

Wall Mounted Light Boxes

Ceiling Transparencies

Window Films (Before & After)

Used to cover an unsightly air handler.
For this application, the image was faded at the top
to allow natural light to come into the patient room

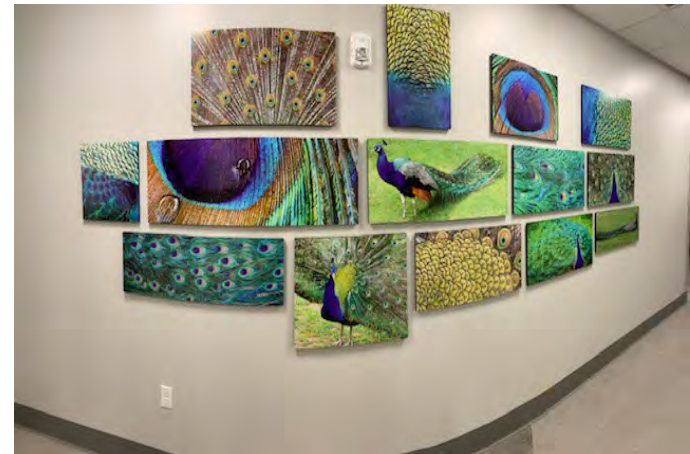

Art isn't just for walls. Using natural or artificial light to illuminate images using films transforms a space, like these underwater examples

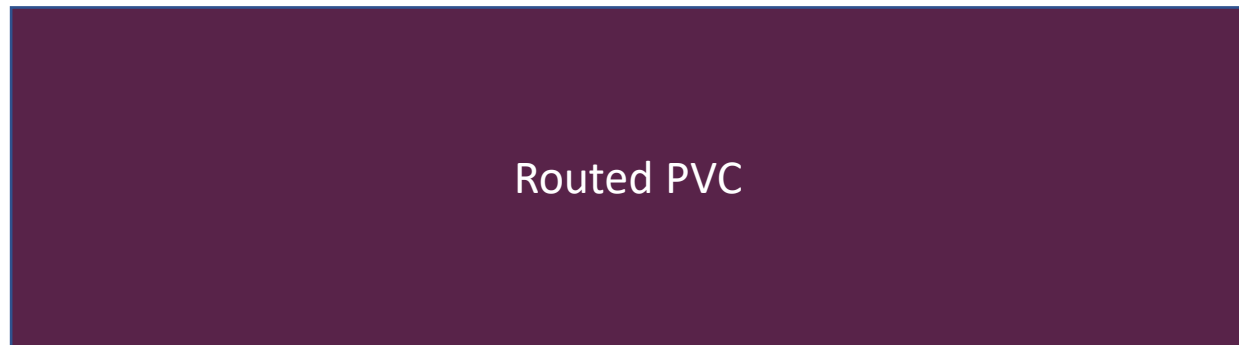

Images Printed on White and Black PVC

PVC without a frame is
GREAT for a
cost-effective project
